

IMPORTANT NOTICE ON FRAUDULENT AND BOGUS REGISTRATION AGENTS / COMPANIES

To : All Educators,

The South African Council for Educators (SACE), a statutory body responsible for regulating the teaching profession has amongst its mandates, the responsibility to register all practising and those intending to practice as teachers in South Africa.

Council has noted with serious concern the practise by certain companies who are acting as agents assisting teachers at an exorbitant **cost** for registration with SACE.

Council distances itself and its employees from these institutions/companies and warns all teachers to refrain from engaging with these institutions.

Registration with SACE only takes place when an individual meets all the SACE requirements.

We have also noted that they are illegally utilizing the SACE corporate logo illegally and fraudulently.

Teachers use these agents and then complain later to SACE when they do not receive feedback.

SACE IS INSTITUTING LEGAL ACTION AGAINST THESE COMPANIES
